California Teacher's Study - NIH Grants

Grant #	PI Name	Project Title	Org Name
1K05CA136967-01A1	Bernstein, Leslie	Research and Mentoring on Energetic Factors and Cancer: Established Investigator	City Of Hope/Beckman Research Institute
2R01CA077398-12A2	Bernstein, Leslie	Breast and Other Cancers in the California Teachers Cohort	City Of Hope/Beckman Research Institute
1R03CA135687-01A1	Chang, Ellen Ting-Yee	Vitamin D, alcohol, and risk of lymphomas in a prospective cohort of women	Cancer Prevention Institute Of California
1R21CA152839-01	Clarke, Christina A	Microbial Exposures across the Lifespan and Cancer Risk in Women	Cancer Prevention Institute Of California
1R01CA134958-01A1	Devivo, Immaculata	Genome-Wide Association Study of Endometrial Cancer	Brigham And Women's Hospital
1R03CA123587-01	Haiman, Christopher A	A Comprehensive Analysis of Genetic Variation in DNA Repair Genes in Relation to	University Of Southern California
1R03CA125819-01	Horn-Ross, Pamela L	Nutrition and Thyroid Cancer Risk in the CTS Cohort	Cancer Prevention Institute Of California
1R03CA128009-01	Keegan, Theresa H M	The impact of the built environment on the risk of breast cancer	Cancer Prevention Institute Of California
1UM1CA164917-01A1	Lacey, James V	New Biospecimens to Enhance Research in the California Teachers Study Cohort	City Of Hope/Beckman Research Institute
1R03CA162140-01A1	Lu, Yani	Parental age at birth and risk of adult-onset cancer in female offspring	City Of Hope/Beckman Research Institute
1R03CA113024-01	Purdie, David M	Diet and Risk of Ovarian Cancer	Cancer Prevention Institute Of California
1R01CA170394-01	Reynolds, Peggy	Where were you then? New insights into breast cancer and the environment (PQ2)	Cancer Prevention Institute Of California
1R01ES018841-01	Rull, Rudolph P.	Dietary and Environmental Exposure to Cadmium and the Risk of Endometrial Cancer	Cancer Prevention Institute Of California
1R03CA128008-01A2	Setiawan, Veronica Wendy	Genetic Variation in Estrogen Sulfation Genes and Endometrial Cancer Risk	University Of Southern California
1R03CA150136-01	Whittemore, Alice S	Validating Cancer Risk Models: a Pilot Study to Evaluate Cost-efficient Methods	Stanford University
1R21NS075608-01	Wang, Sophia S	Modifiable risk factors in stroke incidence and mortality among women	City Of Hope/Beckman Research Institute
